Additional Notes:

This is the initial year for the Town of Truckee in the grant program. The original grant manager has retired and the grant was inactive until recently. The vehicle and equipment has been ordered, and delivery is imminent. Sgt. Womack, who took over the program, is professional and positive. He attended the January workshop and understands the needs and requirements of the program. They are seeking OHV training for officers and are purchasing additional OHV's outside the grant program. They understand the need to get ahead of the growing OHV uses within their jurisdiction. With Grantee: Met with Sgt. Womack in his office and discussed their OHV program. This is a new Program so equipment is ordered but not delivered. Snow prevented a full examination of areas. Without Grantee: looked at Prosser Pits staging area, west and east ends of Legacy trail (center under snow) and checked Hwy 267 access to Waddle Ranch. Snow prohibited access to other higher areas.
